

HSCC Position Statement on Diversity & Inclusion

June 3, 2020

The Humane Society of Chittenden County stands united against racism and injustice. We believe in and value the strength that diversity brings to our community. We believe in treating all people as we treat all animals - with **compassion, empathy, and respect.**

We strive to improve our understanding and better ourselves to stem the tide of systemic inequity and to advance a more inclusive society.

We welcome *everyone* into our HSCC family. We are always stronger together.

-The HSCC Team
